This is to acknowledge our recognition of your H.V.I. 9 TBN (ASTM D-2896) SAE 40 diesel engine lubricant **SilverGard 40** (Oil Code OR-99491) as being satisfactory for use in EMD engines.

The compounding of this product with 8.68% (wt.) of the OLOA 40000 additive concentrate in Cross L 3500, Safety Kleen RHT240, and Ergon 150BS base stocks yields identical properties to those of another product recognized on the common additive basis and is, therefore, acceptable as a rebrand/reblend.

As a result, **SilverGard 40** qualifies for EMD's internal listing on the above basis and this will serve as recognition of such status.

Sincerely,

D.J. Meyerkord
