

ECONOMY TRACTOR HYDRAULIC FLUID

Farm, Construction, and Logging Lubricant
For use in farm tractors, construction equipment, logging equipment

REV: 05.17.2017

DESCRIPTION

Economy Tractor Hydraulic Fluid is a universal hydraulic and transmission fluid for farm tractors, construction equipment, and logging equipment where a single fluid services the transmission, power steering, and final drives for two-wheel and four-wheel drive equipment.

Economy Tractor Hydraulic Fluid is formulated using base oils selected for their resistance to oxidation, clarity, and thermal stability. Drivetrain additives are added to enhance performance and provide extreme pressure protection for highly loaded gears. Economy Tractor Hydraulic Fluid is a straight SAE 20 weight product and designed for use in warmer climates where low temperature operation is not an issue.

APPLICATION

- Farm tractors
- Construction equipment such as dozers, front-end loaders, excavators
- Logging equipment such as skidders, feller bunchers, harvesters, loaders

TYPICAL PROPERTIES

METHOD

ISO 32

Specific Gravity at 15.6°C	D-4052	0.8612
Viscosity, cSt at 100°C	D-445	6.96
Flash Point, COC °C (°F)	D-92	233 (451)
Pour Point, °C (°F)	D-97	-39 (-38)
SAE Equivalent	J-300	20
ML Reference No.		566872
