

December 21, 2020

Dear Valued Martin Lubricants Customer:

Due to ongoing increases in raw materials, including base oils, additives, plastic resin, and corrugated boxes, it has become necessary to institute a general price increase on SynGard®, Xtreme®, and Gard® branded products. This increase will also apply to private label lubricants and Xtreme branded greases. Prices will increase on most products in the range of up to 15% per gallon based on product category.

The price increase will be effective beginning January 25, 2021. All orders received and entered by the close of business on January 21, 2021, for normal delivery lead times will be invoiced at the previous prices. The standard 7-day lead times on deliveries will remain in place during this increase period.

Packaged orders will be limited to 110% of your average purchases over the past 12 months. Information regarding your purchase allocations are available from your Regional Sales Manager.

Actual per gallon increase numbers will be available prior to the January 25, 2021 date. If you have any questions about this increase, please contact your Regional Sales Manager or Customer Service at (800) 864-6275.

We appreciate your business.

Best Regards,

Steve Lipsey  
Director of Sales  
Martin Lubricants
