

September 16, 2021

Dear Valued Martin Lubricants Customer:

Due to ongoing increases in raw materials, it has become necessary to institute a general price increase on all plastics items produced. Prices will increase on most products in the range of up to 10% per item based on product category.

The price increase will be effective beginning October 4, 2021. All orders received and entered by the close of business on October 1, 2021, for normal delivery lead times will be invoiced at the previous prices. The standard three week lead times on deliveries will remain in place during this increase period.

Packaged orders will be limited to 110% of your average purchases over the past 12 months. Information regarding your purchase allocations are available from your Regional Sales Manager.

If you have any questions about this increase, please contact Tabitha Avant at 870-944-0304 or via e-mail: [Tabitha.Avant@martinmlp.com](mailto:Tabitha.Avant@martinmlp.com).

We appreciate your business.

Best Regards,

Mark Hendrix  
General Manager Plastics Division  
Martin Plastics
